

AYLESFORD PARISH COUNCIL

AYLESFORD CEMETERY

INFORMATION and REGULATIONS

Aylesford Parish Council welcomes visitors to Aylesford Cemetery. The Cemetery is a place for peace and reflection. Accordingly, we ask all users of the Cemetery to respect the needs of others and to follow these guidelines.

FOR VISITORS

The Cemetery is open to visitors every day of the year between the hours of

March to October	8.30am to 7.30pm
November to February	8.30am to 4.00pm.

Bicycles and vehicles are not normally permitted within the cemetery except as part of funeral cortege or, by prior arrangement with the Parish Office, to enable a person with severe mobility restriction to park close to a grave. All vehicles permitted should not exceed the speed limit of 5mph. Neither Aylesford Parish Council nor any of its employees can accept responsibility for the loss of or damage to any vehicle or its contents whilst within the Cemetery.

All visitors attending a grave are asked to keep to the paths and driveways, wherever possible, and to respect the Cemetery at all times. In particular, visitors are requested not to interfere with shrubs or flowers growing within the Cemetery or to interfere with any grave or memorial.

Dogs must be kept on a short leash at all times, and a visitor in control of a dog must remove any waste from the Cemetery.

So as to reflect the needs of others, visitors are asked not to wilfully create any disturbance in the Cemetery or behave in a way that may be a nuisance to others. In particular, the playing of games and sports is not permitted. The Parish Council reserves the right to exclude any person from the Cemetery.

Children under the age of 10 are not normally permitted in the Cemetery unless they are under the care of a responsible person.

PURCHASING GRAVES

Please contact the Parish Council for information relating to the purchase of graves in the Cemetery. Details of all Cemetery charges are available from the Parish Council though it should be noted that all fees are trebled for non-parishioners.

When a grave is “purchased” this refers to the purchase of the ‘Exclusive Rights of Burial’ in a grave space and not the purchase of the land itself. Sometimes these are purchased in

advance; or at time of need. A 'Grant of Rights Deed' is issued and includes the right to apply to erect a memorial, which is headstone and/or edging such as a kerbstone, for which a charge will be made. This deed may be purchased and owned by an individual and/or close relative, and is issued, currently, for 99 years.

Ownership of the Exclusive Right of Burial in a grave can be transferred from a deceased owner via that owner's estate. If you need to transfer the grant of rights you must contact the Parish Council who will assist you with the transfer. If you do not undertake the transfer it will cause significant problems for you when you wish to use the plot again.

LOOKING AFTER GRAVES

Grave spaces must be kept in a neat and tidy condition and any litter should be removed from the site. Any flower holders must be of non-breakable material and are left at the owners' risk. In the interest of public safety, no glass, ceramic vases or other ornaments should be placed on any grave. The Parish Council reserves the right to remove any articles from any grave which are considered dangerous or unsightly in any way or which are likely to cause risk of damage or injury. This could include the removal and disposal of dead flowers and flower frames one month after the burial has taken place.

Memorials can only be erected on grave spaces where the exclusive rights of burial have been purchased. The maintenance of memorials is the responsibility of the respective grant of rights holder. The Parish Council reserves the right to make safe any memorial that is found to be in an unstable condition. Any person causing damage by bringing in any materials or monuments will be required to make good. In all cases, dead flowers and other rubbish must be placed in the waste bins provided. No stones or soil must be placed in these bins.

Before any memorials can be installed or works undertaken to an existing memorial, an application from the memorial mason must be submitted for approval on the appropriate Parish Council form and submitted to the Parish Council with any appropriate fees. Where there is no beneficiary and no money provided in the estate of a deceased person to maintain their grave and it becomes necessary to carry out repairs to their memorial, their next of kin (if known) would be asked to pay for the repairs. If no next of kin can be identified or is willing to accept responsibility then the Parish Council will decide whether to carry out any necessary repairs or if a memorial is in a dangerous condition to arrange for it to be made safe (memorials can only be removed at the end of the period of the grant of rights).

Any failure to comply with the above regulations could result in the Parish Council rectifying the non-compliance and charging the grant of rights holder the cost of putting this non-compliance right.
